

Brightwater Capital Partners III, L.P.

Quarterly Report - Quarter Ended June 30, 2026 | Vyntic token: quarterly_report

1. GP Letter

This quarterly report for Brightwater Capital Partners III, L.P. is dated August 29, 2026 and covers the quarter ended June 30, 2026.

Fund III continued to focus on portfolio operating initiatives, add-on acquisition sourcing and liquidity management during the quarter. Public-market multiple contraction modestly affected comparable-company marks, while company-level EBITDA growth offset part of the impact.

Quarterly portfolio reporting procedures are documented in internal memoranda, reviewed by finance, legal and compliance personnel where applicable, and retained in the Firm's books and records. The General Partner may modify these procedures in good faith to reflect market practice, investor requirements, legal developments or portfolio-company facts and circumstances.

The General Partner expects to apply judgment when implementing quarterly portfolio reporting provisions. Such judgment may include consideration of timing, materiality, confidentiality, available information, administrative burden and whether the relevant matter is consistent with the Partnership's investment objectives.

No Limited Partner should assume that policies relating to quarterly portfolio reporting eliminate all conflicts, valuation uncertainty, operational risk or timing differences. Remedies and approval rights are limited to those expressly set forth in the governing documents.

2. Fund-Level Performance

Fund III is an \$850,000,000 2021 vintage buyout fund. As of June 30, 2026, Glenmoor University Endowment's capital account reflected a \$25,000,000 commitment, \$18,750,000 of paid-in capital, \$6,200,000 of cumulative distributions and \$21,400,000 of NAV.

Fund-level performance reporting procedures are documented in internal memoranda, reviewed by finance, legal and compliance personnel where applicable, and retained in the Firm's books and records. The General Partner may modify these procedures in good faith to reflect market practice, investor requirements, legal developments or portfolio-company facts and circumstances.

The General Partner expects to apply judgment when implementing fund-level performance reporting provisions. Such judgment may include consideration of timing, materiality, confidentiality, available information, administrative burden and whether the relevant matter is consistent with the Partnership's investment objectives.

Metric	Glenmoor Q2 2026
Commitment	\$25,000,000
Paid-in / called	\$18,750,000
Distributed	\$6,200,000
NAV / remaining value	\$21,400,000
DPI	0.33x
RVPI	1.14x
TVPI	1.47x

3. Portfolio Company Updates

Portfolio updates are summarized below based on unaudited company reporting and Brightwater valuation committee review.

Company	Sector	Fund III fair value	Quarterly update
Amerin Gauge Systems	Engineered measurement components	\$132.0 million	Revenue increased 6.4% year-over-year, with margin expansion from procurement savings and mix improvement.

Amerin Gauge Systems procedures are documented in internal memoranda, reviewed by finance, legal and compliance personnel where applicable, and retained in the Firm's books and records. The General Partner may modify these procedures in good faith to reflect market practice, investor requirements, legal developments or portfolio-company facts and circumstances.

The General Partner expects to apply judgment when implementing amerin gauge systems provisions. Such judgment may include consideration of timing, materiality, confidentiality, available information, administrative burden and whether the relevant matter is consistent with the Partnership's investment objectives.

No Limited Partner should assume that policies relating to amerin gauge systems eliminate all conflicts, valuation uncertainty, operational risk or timing differences. Remedies and approval rights are limited to those expressly set forth in the governing documents.

Company	Sector	Fund III fair value	Quarterly update

Northline Fabrication procedures are documented in internal memoranda, reviewed by finance, legal and compliance personnel where applicable, and retained in the Firm's books and records. The General Partner may modify these procedures in good faith to reflect market practice, investor requirements, legal developments or portfolio-company facts and circumstances.

The General Partner expects to apply judgment when implementing northline fabrication provisions. Such judgment may include consideration of timing, materiality, confidentiality, available information, administrative burden and whether the relevant matter is consistent with the Partnership's investment objectives.

No Limited Partner should assume that policies relating to northline fabrication eliminate all conflicts, valuation uncertainty, operational risk or timing differences. Remedies and approval rights are limited to those expressly set forth in the governing documents.

Company	Sector	Fund III fair value	Quarterly update
Vantage Field Services	Facility compliance services	\$165.5 million	Route density and technician utilization improved during the quarter following dispatch software rollout.

Vantage Field Services procedures are documented in internal memoranda, reviewed by finance, legal and compliance personnel where applicable, and retained in the Firm's books and records. The General Partner may modify these procedures in good faith to reflect market practice, investor requirements, legal developments or portfolio-company facts and circumstances.

The General Partner expects to apply judgment when implementing vantage field services provisions. Such judgment may include consideration of timing, materiality, confidentiality, available information, administrative burden and whether the relevant matter is consistent with the Partnership's investment objectives.

No Limited Partner should assume that policies relating to vantage field services eliminate all conflicts, valuation uncertainty, operational risk or timing differences. Remedies and approval rights are limited to those expressly set forth in the governing documents.

4. Capital Account and Fee Disclosure

Glenmoor's Q2 management fee allocation was \$118,750, reflecting the 1.90% annual management fee rate applicable under Glenmoor's side letter. The standard rate for similarly situated investors before the discount is 2.00% per annum.

No capital contributions or distributions were posted to Glenmoor's capital account during the second quarter. Post-quarter activity will be reported in subsequent notices and capital account statements.

Capital account and fee disclosure procedures are documented in internal memoranda, reviewed by finance, legal and compliance personnel where applicable, and retained in the Firm's books and records. The General Partner may modify these procedures in good faith to reflect market practice, investor requirements, legal developments or portfolio-company facts and circumstances.

The General Partner expects to apply judgment when implementing capital account and fee disclosure provisions. Such judgment may include consideration of timing, materiality, confidentiality, available information, administrative burden and whether the relevant matter is consistent with the Partnership's investment objectives.
